

Timeless by Jo Morton

Collect moments, not things.

Project Sheet

PS38020 Timeless Size: 70.5" x 81"

I'm a traditionalist at heart, and to my core. This group is a wonderful combination of my favorite old colors – blue and indigo, tan and brown, rusty red and muted pink. Just as time moves forward, I like to think that my collections keep building, mixing with the old and anticipating the new fabrics still to come.

It's the little things in life...
