Farm life and American pride seem to go hand-in-hand in the United States. Whether it be a patriotic flag painted on an old barn or a vintage truck with a flag on the back, patriotism is a part of life in the country.

This new collection is not just for the 4th of July, it can be displayed all year long. It reflects sentiments that we were raised with, whether we're from the city, the suburbs or the country. Taking "farmhouse style" to the next step, this group combines Love of country and this **Land That I Love**.
