

SAFARI LIFE

STACY IEST HSU

Wide open plains, lions sitting under a shade tree trying to keep cool, elephants at a watering hole, zebras grazing, and giraffes plucking leaves from the highest branch. This is Safari Life.

Safari Life is a collection that was inspired by all things Africa, from its warm colors of burnt orange, yellow, and gray-brown scenery to its textures and pattern of the local wildlife. The prints range from hand drawn animals, block printing, and abstract artwork—all reflecting the African culture and wildlife. Also included in this collection are two cut-and-sew panels. The first is a cut-and-sew book with fun flaps to open and adorable finger puppets to play with. The second panel has a variety of cut-and-sew safari animals like an elephant, zebra, lion, and giraffe. Your little ones will have endless hours of fun playing with these cute stuffed animals.
