

# Blossoms & Blooms

ELENA AMO

"Blossoms and Blooms" collection started with a simple sight: the vintage watering can on my desk, now a home for my artistic tools – pencils, pens, brushes, markers, and colored pencils. These sparked memories of my childhood crafting experiments. I vividly remember flipping through a craft book filled with exciting projects like beading bracelets, cross-stitching, and embroidery – I tried them all! One of my favorite projects was arranging flower compositions. During summertime, I'd gather wildflowers, seeking out unique shapes and colors, and arrange them in anything from old cups to kitchen pots and old watering cans. This collection brings back those fun memories of summer days, filled with creativity and joy.
